Viewing & Sharing Your Profile

You can share your page to potential donors through Facebook, Twitter, and Email. Before you share on social media, make sure you have a photo uploaded to your Stride profile page to appear with the post.

First, go to your profile by clicking “View My Team” from your dashboard **1**. Then, click either the Facebook, Twitter, or Email icon **2**.

For Facebook, you’ll need to log in if you aren’t already. A dialogue box will pop up where you can enter your credentials.

For Twitter, you can log in and Tweet at the same time. The link will already be pasted in for you. Fill out any additional text and click Share Link, or Tweet.

To share your team profile via email, click the Email icon. Choose the type of email account you have. Log in to your account, if you aren’t already. An email draft will pop up, with the link to your page pasted in for you. Enter in your recipients’ emails, enter any additional text, then click Send.

Once they click the link to your page, your recipients will be able to donate or join your team by clicking the big green buttons at the bottom of your page **3**.

Commenting on a Profile

To post a comment to a team or individual profile, pull up the profile by searching for it under Teams/People and click inside the text box to add a comment **4**. Type your comment, then click Post or Log in to Post.

Once a comment is posted, the owner of the page can delete it by hovering the mouse over the comment, and clicking the X that comes up to its right.

To learn how to email team members and donors or how to enter team captain payments, see “Team Captain Emails” and “Team Captain Payments.” For additional support, email ds-connex at support@ds-connex.org.

Special Note:

If the image for your page does not load quickly, the file size of the photo may be too large. You can look at the file size by right-clicking on the image and selecting the last drop-down option called “Properties.” The size should be less than 6 MB or any number followed by KB. To shrink an image, see below.

There are many reasons why an image might not load. If your image is the proper size, please try again, allowing more time for your image to appear. If this does not work, send your image, your name, and your event name to support@ds-connex.org.
