

Grand Strand Buddy Walk® & Festival

Community Partner Sign up

Community partners are companies that benefit people in the Down syndrome community. We welcome community partners to come to the buddy walk as an informational vendor. They are welcome to hand out information to our families, but we ask that there is no selling at the festival.

The Buddy Walk is about bringing people with Down syndrome and the community together to celebrate people with Down syndrome, while educating the community about the potential and abilities of people with Down syndrome.
