

Reasons to Partner with us for a Better Future

When families come to Club 21, they receive the tools and resources they need. TRANSFORMATION happens, and this is what we see at Club 21...

- Families who, upon receiving a **diagnosis of Down syndrome**, find hope and safety, and a bright vision when they discover Club 21.
- New parents find community and get vital information from therapists and parent mentors in our *First Steps* program.
- Parents are equipped with the training they need to help their child and teacher on their education pathway in the *Stepping Up* program.
- Children in our *Every Child a Reader (ECAR)* program gain confidence and skills to begin to read and follow a course to literacy that will change their life.
- Siblings that come to *Sibshops* have a place where *they* are the focus, build friendships with others, and get the tools they need for *their* journey.
- Schools and teachers receive resources and supports that help students have access to adapted curriculum and inclusive classrooms through our **Educational Partnership program**.
- Fathers gain support from one another at our Dads Appreciating Down syndrome (*D.A.D.S.*)
- Volunteers whose lives are changed by interacting with individuals with Down syndrome working with Club 21.
- Moms who build community, gain resources, and have fun at *Mom's Meet-Up*.
- Our 8 to 15 year olds building the social skills needed for friendships and future jobs at *Club Fun and CREW*.
- Teens and young adults acquire the foundational skills needed for independence at *Club Connections*.
- Spanish speaking families get vital information and support they need from our *Bienvenidos Group*.
- Families finding their voice and becoming advocates for their child at our *Club 21 workshops*.

Together we are building a future for individuals with Down syndrome to obtain their "Seat at the Table".
