ABOUT DSAH

The Down Syndrome Association of Houston (DSA-H) is the leading source of Down syndrome related information, support, and referral assistance for individuals with Down syndrome, their families, and community professionals throughout the Greater Houston Area.

Our mission is to provide programs and support to individuals with Down syndrome, their families, and the professionals who serve them, and to create awareness in the community through advocacy, education and interaction with the Houston medical community.

We envision a community in which all people with Down syndrome have the opportunity to enhance the quality of their life, realize their life aspirations, and become accepted as part of our very diverse society. As DSAH has grown, we have gradually developed programs for all age groups.

Each year, DSAH works to strengthen and expand the services we provide to our individuals, families, and community partners. Our services can be divided into three core areas: support for individuals with Down syndrome, support for families, and support for an inclusive Greater Houston community.
