

Quick-Start

How to Share Your Profile Page via Text

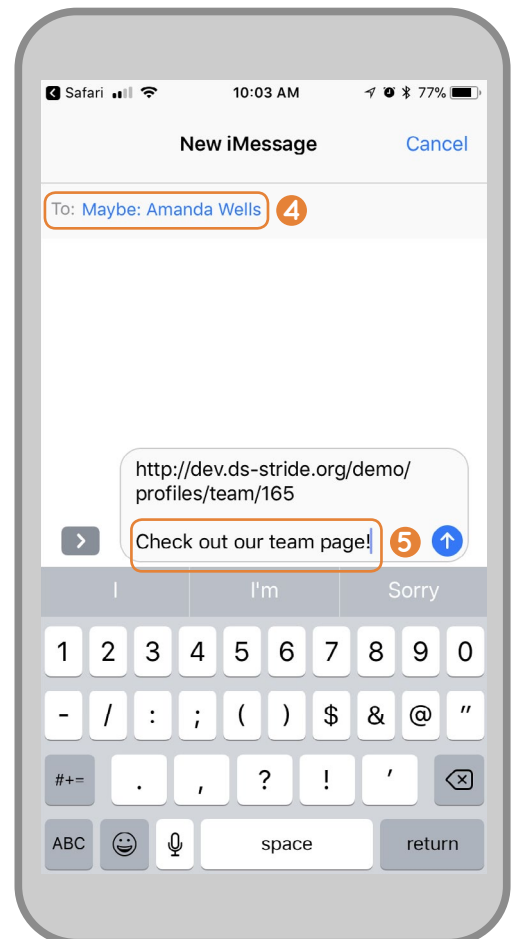

Open your profile page on your mobile device

To share your profile page via text message, open the browser on your smart phone and go to your profile page **1**. You will see five colored buttons right below the banner **2**. Click the yellow button that says SMS **3**. Once you click the button, your phone will automatically start a new text message.

Customize your text message

Once the text message is open, you can add recipients from your contacts or type in a phone number **4**. You can also add any text you want below the original message **5**. Once the message is complete, click send.

Promote your walk team

When someone receives the text, they will see your profile picture with a link to your page **6**. They will also see your custom message below the picture **7**. The recipient can click on the link and go directly to your profile page where they can learn more about your team, join your team or make a donation.
